ABOUT ME

Full-stack Web Developer with over 5 years of expertise specializing in PHP and the Symfony framework. Proven track record of delivering scalable, high-performance web applications for diverse global clients, including NGOs and educational institutions. Equipped with modern Symfony ecosystems (LAST stack) and dedicated to solving complex problems with efficient, user-focused technical solutions.

WORK EXPERIENCE

[01/07/2023 – Current] - Freelance Symfony Developer

Independent Contractor

City: Darjeeling | Country: India

- **Ed-Tech & Counseling:** Currently architecting a full-scale Ed-tech platform and the *Rosekosujaw* counseling app using **Symfony 7** and the **LAST stack** (Live components, AssetMapper, Symfony, and Turbo).
- **FinTech & Compliance:** Engineered an international money transfer system for UK-Nepal transactions, implementing rigorous financial security measures and NDA-protected compliance protocols.
- **Payment Integration:** Integrated secure payment gateways including **Dodo**, **PayPal** for NGO project management and **Razorpay** for appointment bookings.
- **Institutional Systems:** Developed and launched a comprehensive admission and web platform for the *Christ Institute of Nursing*.

[02/02/2023 – 23/06/2023] - Software Engineer

Capital Numbers

City: Kolkata | Country: India

- Developed and maintained **Sadhguru Isha Foundation** using custom PHP Framework and **Kool Report**.
- Collaborated with cross-functional teams to deliver high-quality software solutions

[01/01/2022 – 31/01/2023] - Symfony Developer

Schlesinger Group (SAGO)

City: Gurugram | Country: India

- **Global Tooling:** Developed and maintained a Project Management (PM) tool utilized across six international markets, including the USA, UK, France, Germany, and Spain.
- **API & Backend:** Designed and implemented robust **REST APIs** to facilitate seamless system integrations.
- **Performance Tuning:** Optimized backend performance and complex database queries by leveraging **PropelORM**.

[01/08/2019 – 10/10/2021] - Freelance Web Developer

Independent

City: Darjeeling | Country: India

- Delivered end-to-end web solutions for multiple clients using **Symfony framework**
- Created responsive, user-friendly interfaces using **Bootstrap** and **jQuery**

- Provided graphic design services using **Adobe Illustrator**
